

Community Base participant group meeting 28th August 2008

The meeting was attended by Colin (Community Base), Louise (Working Together Project) and Ros (Amaze and Community Base trustee)

1 Building manager's office

Colin said that the building manager's office would be moving to reception in the near future.

2 Office space for local community and voluntary groups

Colin said he had been working on identifying office space for local community and voluntary groups and other types of groups that Community Base cannot provide space to as there is a clear demand for such space. Colin said he would be passing the information he had collated onto the resource centre for inclusion in their beachcomber database.

3 Community Base news

Colin said that the Community Base news newsletter would be being published again in the near future as a way of keeping people informed of what's going on with Community Base. Louise said she had found the newsletter very useful when it was published before.
