

Community Base participant group meeting 30th October 2008

The meeting was attended by Annette (Community Base), Paul (NHS Support Federation and Community Base trustee) and Jane (Assert and Community Base trustee)

1 Xmas party

There was a discussion about the xmas party and a suggestion that it would be good to have live music at it. It was also suggested we look into running a tea trolley at xmas and maybe have a xmas pub quiz.

2 The photocopier

Annette said the problems with the photocopier were still being looked into and were more to do with its location than with mechanical defects.
